

Company Overview

Whilo India
Careers Pvt. Ltd.

Who are we?

Whilo is India's juvenile career site for job seekers, learners and a leader in HR technology solutions for employers since 2012.

We find India's real grafters – the people working tirelessly behind the scenes to keep our economy thriving. From the teachers educating our kids to the drivers delivering our parcels. The people running our hospital wards to the engineers patching up our roads.

The objective is to fundamentally changing the way in which job seekers look for jobs and the way employers scout for talent – That's the only reason for us to be with you.

To help Indian employers attract top talent, as well as engage and retain employees, Whilo offers a wide range of HR technology solutions and expertise – including in-house recruiting specialists, flexible job posting packages, niche networks, and video interviewing – for business of all sizes.

Campus Recruitment Training Solutions

Undergraduate & Masters Degree Programs and MBA

With “Assured Placement” or Fee refund

Our Campus Recruitment Training Solutions are known as Corporate Leadership Programs. Excellence Achievement Modules (CLPs) and completely meet the recruitment needs of students and placement departments.

- We have separate and unique solutions for Graduation and MBA students with our trademark CLP-Graduation and CLP-MBA programs
- HRs of leading MNCs have developed the modules and these are delivered by people with MNC experience

USP:

- We bring additional Tier 1 companies to your campus after the training and increase the number of placements. 40% Placement Criteria in CORE companies (which are in same industry) and 60% in SCOPE companies (Sectors which are emerging in the market)
- With **“Assured Placement”** service, student will be likely to get the job, else the fee amount will be 100% refunded

Campus Recruitment Training –
Overview of CLP

Campus Recruitment Training

Needs of the students that we meet through CLP

Whilo India helps you significantly increase the number and quality of placements of your students. We guarantee it. Our CLP modules meet the following student needs:

Student needs	Core Modules - How we meet these needs
<ul style="list-style-type: none">• Lack of knowledge and/or refresher courses required in aptitude concepts – English, Maths and Data Analysis• Lack of practice and unfamiliarity with aptitude pattern asked by companies	Aptitude Brilliance <ul style="list-style-type: none">• English• Quantitative Aptitude• Puzzles and Data Analysis
<ul style="list-style-type: none">• Need to brush up on technical topics of the department which is asked by CORE companies in the first stage	Technical Dominance (Graduation and MBA) <ul style="list-style-type: none">• Detailed coaching in core subjects of different branches of Engineering and MBA
<ul style="list-style-type: none">• Resume is unimpressive and formatted badly and does not give a professional image	• Resume Builder
<ul style="list-style-type: none">• Need to practice writing tests and know specific areas for improvement	• Company Tests Excellence
<ul style="list-style-type: none">• Need familiarity and practice in group discussions• Knowledge about topics to talk meaningfully in GDs	• Group Discussion Brilliance
<ul style="list-style-type: none">• Afraid to face interviews and might mess up the crucial final interviews	• Interviews Mastery
<ul style="list-style-type: none">• Companies place too much importance on soft skills which are lacking	• Soft Skills Supremacy
<ul style="list-style-type: none">• Need career counselling to decide on the right career choice	• Career Guidance

Our aptitude modules are detailed and teaches students all the relevant concepts, exposes students to most of the patterns asked by companies, gives them experience in solving these and the confidence to tackle any problems they might face

English	Quantitative Aptitude	Puzzles + Data Analysis
• Grammar	• Algebra	• Data Interpretation
• Vocabulary	• Arithmetic	• Data Sufficiency
• Verbal Ability	• Geometry	• Logical Reasoning
• Reading Comprehension	• Calculus	• Sectional Exercises
• Speed Reading		

We train students and help them polish their technical know-how as well as get exposed to industry requirements. This helps them answer the technical questions asked in tests/ interviews and greatly enhances their chances of selection

For Graduation Degree and MBA

- Basics of 1st year common courses such as Financial Accounting, Managerial Economics, Marketing Management
 - Practical exposure to industry level problems and guidance on how to solve them
 - Core topics for each branch (specialization) covered – Marketing, Finance, IT etc.
 - Covers test syllabus and format of leading companies visiting for recruitment
 - Company visits to understand their working
-

With our Soft Skills Supremacy modules, we also help your students differentiate themselves from other campuses by training them in the finer aspects of working well. This makes them confident as well as better communicators providing a solid foundation for Group Discussion and Interviews.

Soft Skills Supremacy

Key soft skills covered

- Communication (written and oral)
 - Presentation skills
 - Time Management
 - Teaming
 - Grooming
 - Stress Management
-
- Coaching by top industry leaders on job relevant skills
 - Use interactive programs with case studies and not limited to lectures
 - Group Activities to internalize learnings
 - Outbound programs are conducted to practically demonstrate various aspects taught
-

In our Resume Builder module we:

- Conduct 1 on 1 sessions with each student for development of their master resume
- Develop resumes that are grammatically correct and follow the principles of business language
- Create well formatted, consistent and professional resumes for all students
- Review by eminent recruiters from leading corporates which visit campus
- Final resume verification exercise on behalf of the Placement Department to avoid any litigation
- Posting resumes on proprietary job boards to place additional students and increasing campus placement figures

In our Company Tests Excellence module we offer:

Practice Tests

- Aptitude tests covering all topics asked by companies
- Basic skills tests of different topics of the first year (for PG & MBA)
- Sectional tests covering department specific topics
- Alumni and industry professionals offering test taking strategies

Company Tests

- Tests for mass recruiters like Infosys, TCS, CTS & Wipro etc. (UG & PG)
- Tests for mass recruiters that visit campus for MBA recruitment (MBA)
- 6 different tests based on specific companies that visit campus
- 10 take home tests with detailed solutions and tips

Feedback and Improvement

- Detailed discussion of the paper with solutions after each test
- Ranking to provide an idea of relative standing
- Counseling sessions to understand performance
- Feedback sessions to understand areas for improvement
- Test taking tips from industry professionals

In our Group Discussion Brilliance module we offer:

Basics

- Group Discussion introduction and basics
- Review of previously recorded GDs to understand common mistakes
- Strategies and tips from moderators and evaluators

Practice

- 6 practice GDs with evaluation of group and individual performance
- Recording of all GDs and review of performance
- Progress measurement chart to identify improvement areas
- 100 most frequently used GD topics in campus placement

Feedback and Improvement

- 1 on 1 sessions to understand individual strategies to succeed
- Weekly digest to educate students and enable better GD participation
- Individual plans to prepare for GDs

In our Interviews Mastery module we offer:

Foundation

- Basics of interviews and tips to crack them by HRs/Recruiters of top companies
- Guidance in all types of interviews – Technical, Behavioral, Resume, Stress and Telephonic
- Review of previously recorded interviews to understand common mistakes

Simulation

- 6 focused practice interviews of different types – Technical, Resume based, Stress and Behavioral by HRs and Managers
- 30 min feedback after each interview
- Consolidated performance evaluated after all interviews
- Review of individual recordings to understand strengths & weaknesses

Feedback and Improvement

- Material provided to ace technical and behavioral interviews
- Most commonly asked questions and suggestions of best answers
- Progress measurement chart to understand improvements made and next steps

your college

*Campus Placement
Solutions –
Graduation (UG &
PG) and MBA*

Campus Placement Solutions

Overview

- Whilo India provides a complete end-to-end Campus Placement Solutions helping colleges increase the number and quality of companies visiting their campuses.
- We have been successfully conducting campus recruitments every year for our clients and meeting fresher requirements to a large extent.
- We meet the entry-level requirements of our clients of different verticals by conducting campus recruitments in colleges specializing in different fields of study and placing freshers in these companies

USP:

- We bring our companies to your colleges through Virtual Campus Drives which are great platforms to conduct interviews and recruit candidates + it saves 80% of the cost involved.
- We bring additional Tier 1 companies to your campus after the training and increase the number of placements. 40% Placement Criteria in CORE companies (which are in same industry) and 60% in SCOPE companies (Sectors which are emerging in the market)
- With **“Assured Placement”** service, student will be likely to get the job, else the fee amount will be 100% refunded

We also help the Placement Department in:

- *Increasing the number of companies visiting your campus*
- *Increasing the percentage of students placed making it closer to 100%*
- *Getting students placed in CORE companies (which are in the same industry)*
- *Developing better relationships with Managers and HRs of Tier 1 companies*
- *Providing administrative help in the recruitment season, including taking care of all the company visits (virtual) in the entire placement season*

Campus Placement Solutions Highlights

We have 137 companies across sectors as our placement partners.

We do campus recruitment for colleges specializing in:

- Engineering Colleges
- Management Colleges
- Polytechnic Campuses
- Graduation Campuses (B. Com, B. Sc., BBM, BCA)

Our Campus Recruitment Process is divided in three stages:

- Procuring Behavioural Profile
- Scoring on Aptitude and creating student's e-Resume
- Company participation, interviews and recruitment through Virtual Campus Drives and Off-Campus Drives

Post Campus Recruitment Process involves joiner confirmation and follow-ups.
